High Fidelity Speaker System

EVS-1300

eight inch, two way system

EVS-1300

eight inch, two way system

The EVS-1300 is a compact acoustic suspension bookshelf speaker system that always rates a "double-take" by listeners. They are amazed at the really big sound coming from this diminutive transducer. We always have a few people at shows who peek under the table or in the closet to see if we've hidden a big woofer somewhere out of sight. We haven't! This speaker is perfect for a space-saving four-channel installation, or two-channel, for that matter. Higher in efficiency than many similarly sized sealed systems so you need less amplifier power for realistic sound levels. Styled with a contemporary charcoal brown grille panel. Cabinet is walnut finish on all four sides.

FEATURES—Component quality eight-inch woofer has Alnico V magnet, precision-wound voice coil and linear suspension for long, carefully controlled move-

ment necessary for deep bass tones. 2-inch cone-type tweeter uses special cone damping providing exceptionally smooth treble response. Excellent high-frequency dispersion. Two-way electrical crossover gives smooth transition between drivers. Continuously-variable tweeter level control allows you to match room acoustics or personal taste.

Specifications subject to change without notice.

SPECIFICATIONS

Response 50 to 18,000 Hz
Nominal Impedance 8 ohms
Suggested amplifier rating,
RMS per channel, 8 ohms 10 to 60 watts
Crossover Frequency 1500 Hz.
Dimensions 10" x 19", 8½" d.
Net Weight..... 19 lbs.

FIVE YEAR WARRANTY (Limited)

Electro-Voice high fidelity speaker systems, are guaranteed for five years from date of original purchase against malfunction due to defects in workmanship and materials. If such malfunction occurs, speaker will be repaired or replaced (at our option) without charge for materials or labor if delivered pre-

paid to the proper Electro-Voice service facility. Unit will be returned prepaid. Warranty does not cover finish or appearance items or malfunction due to abuse or operation at other than specified conditions. Repair by other than Electro-Voice or its authorized service agencies will void this guarantee.
